A decorative horizontal border consisting of a repeating pattern of black X-shaped lines on a white background. The pattern is composed of thin lines forming a grid-like structure.

A decorative horizontal border featuring a repeating pattern of stylized geometric shapes, possibly a traditional Islamic or Persian design. The pattern consists of a series of interconnected triangles and lines forming a diamond-like motif.

A decorative horizontal border consisting of a repeating pattern of stylized 'X' shapes, likely made of wood or metal, with a dark finish.

A horizontal sequence of binary digits (0s and 1s) is shown. The sequence starts with a group of four '0's, followed by a single '1' with a small vertical arrow pointing to it, and then another group of four '0's. This pattern repeats once more. A large curly brace is positioned above the first two groups of four digits, grouping them together.

A decorative horizontal border consisting of a repeating pattern of stylized 'X' shapes. The pattern is formed by black lines on a white background, creating a sense of depth and texture.

A decorative horizontal border consisting of three repeating patterns of black X-shaped bars on a white background. The first pattern contains six bars, the second contains five, and the third contains four.

A horizontal sequence of 18 sets of three black X's each, followed by a yellow decimal point and the digit 1.

A decorative horizontal border consisting of two rows of repeating geometric patterns. The top row features a series of black 'X' shapes set against a white background. The bottom row features a series of black diamond or triangle shapes, also set against a white background. The two rows are positioned side-by-side, creating a symmetrical and decorative effect.

The image shows a horizontal sequence of seven identical groups of four boxes each. Each group consists of four boxes arranged in two rows: the top row has two boxes, and the bottom row has two boxes. The boxes are filled with a diagonal hatching pattern. To the right of this sequence is a yellow digit '2'.
